

MS. ALYSSA

Hi, my name is Ms. Alyssa and I've worked at Faith Lutheran Learning Center since March of 2017. I am a substitute teacher and work with the K-5 summer camp program. I have volunteered with young children since I was a junior in high school in a variety of settings, including a martial arts instructor, a tutor, and as an intern in a pediatric therapy clinic. I love working with kids of all ages because I get to be goofy and let out my inner child!

I am a senior at Eastern Kentucky University majoring in statistics even though I spent many years studying occupational science specializing in pediatrics. I plan on attending the University of Kentucky on the graduate level for statistics as well.

Most of my time goes towards studying, work, or classes but when I have free time I enjoy doing martial arts, exercising, cooking, and playing with my pets (I have SIX! Two dogs, one cat, and three ferrets!). I also enjoy going hiking and spending time with my husband, Tre, and hanging out with family and friends.

Thank you for taking the time to read about me!
