

MS. KAITLYN

Hi, I'm Kaitlyn Funneman and I am a substitute and floater here at Faith Lutheran. I have been at FLLC since September 2018. I am originally from Central Illinois, but I moved to Kentucky for school. I have a bachelors in Anthropology from Southern Illinois University Edwardsville. I trained as a Certified Nursing Assistant (CNA) during high school and have worked in nursing homes and assisted livings. While I did not have any specific childcare experience before coming here, my CNA classes did train me in some of the development of children, which has been useful. I love watching the children grow, and seeing their progress.

School is a big part of my life right now and I am studying diplomacy and commerce at the Patterson School at UK. Summer 2019, I will be travelling to Jordan to study Arabic. When I am not writing papers or studying, I enjoy knitting, coloring, and reading. I would gladly accept any reading recommendations. As you can see, I also love cats a lot. My cats in the pictures are in Illinois with my family and I visit them when I can. If you have cat pictures, I would love to see them, and I will show you pictures of my cats, as well.

Thanks for reading about me!
