

New Beginnings

Dear People of Faith,

This Sunday we will sing the Psalmist's words,

"Sing to the Lord a New Song, for He has done marvelous things." This is a song of gratitude for God's marvelous blessings.

Stewardship is what we do with the blessings God has showered on us. Stewardship is our grateful investment in God's future. One of the major blessings of this time is that God has led us to find a new shepherd for Faith.

We now look forward to our mission of grace in this place. Led by our new pastor, we will be partners in this mission. One of the ways we will express this partnership is with our financial gifts. We invite you make a financial commitment to this Faith-ful future.

As of November 6, we have received about half of the intent cards that we might ordinarily expect. Almost half of those commitments included an increase in generosity.

We, your stewardship committee, invite those of you who have not shared your commitment cards to do so during this week. A clear picture of your commitments will help us responsibly plan the ministries of the coming year. These will include both a music director and faith formation support, as well as all the commitments to worship and service which are being identified by the various church committees.

Bring your commitment cards on Sunday, November 13. You may also mail them to church or go to the Faith website ([MAKE A LINK](#)) to make your commitment.

Let us join together to welcome God's "marvelous things" he will do among us and through us.

In Christ,

Your Stewardship Committee – David Templar, Sherri Greer, Carolyn Holmes, Richard Heine
